PROFESSIONAL EXPERIENCE

Software Development Engineer — Aug 2023 - Present
Zscaler — *Bangalore, IN*

ZIA

- Collaborated in the migration from Backbone.js to React.js with Redux, contributing to performance optimization and reduced load times across the application.
- Worked on migrating and optimizing Insights and Admin pages, improving user experience and functionality within these key sections.
- Assisted in refining legacy code by eliminating redundant conditional logic, improving the efficiency of the DNS Control Policy page.
- Worked on migrating key pages such as URL Categories, VPN Credentials, and Cloud NSS, enhancing their performance and ensuring seamless functionality.

CSS

- Contributed to implementing dynamic theming capabilities, enabling seamless theme switching without requiring page reloads.

Playwright Automation

- Supported the development and execution of automated test scripts using Playwright covering 70% code, increasing code resilience and identifying potential issues in ZIA and OneUI applications.

OneUI

- Worked on building reusable components, such as charts, in TypeScript with strict type checking, ensuring consistent UI/UX design across projects and aligning with the project's visual standards

Software Engineer Intern — Feb 2023 - August 2023
Zscaler — *Bangalore, IN*

- Contributed to migrating code from Backbone.js to React.js.
- Learned end-to-end deployment of web pages during the migration process, ensuring smooth transitions.
